

# Spring 2017 SUZUKI EARLY CHILDHOOD EDUCATION

*for children ages 0-3*

**Saturdays 9:00am • Mondays 5:30pm • Wednesdays 9:00am**

Suzuki Early Childhood Education (SECE) is a parent/child music and movement class in which character development is as important as musical skills. Our goal is to create a loving, pressure-free environment that allows parents to guide their children in the development of social, emotional, cognitive, and musical skills. Through repetition in class and at home, children gain confidence, as well as skill, in the activities and songs sung in class. Upon graduating from the class, children are ready to begin Suzuki instrumental study.

There are 14 60-minute sessions each semester. Monday and Saturday classes will be held at United Parish of Auburndale, 64 Hancock St, Newton, MA. Wednesday classes will be held at Temple Reyim, 1860 Washington St. Tuition is \$420 for each child plus adult caregiver, which includes a Curriculum CD and booklet; siblings receive a \$50 discount. There is an annual registration fee of \$45. Children under 5 months old may attend tuition free (materials and registration fee still apply) until their 5th month birthday. Classes are limited to 8 participants. **You may RSVP for a free trial class by calling the SSN Office or emailing us.**
