

Playathon 2018 Pledge Instructions

Thank you for participating in the Playathon! You've received a pledge form and a practice log now.

1. Pledge Form

Between now and March 4, find family, friends, or other people you know who want to donate to SSN to support you on your practice challenge! All checks should be made out to *Suzuki School of Newton*.

Although as Suzuki students we practice every day, committing for a whole week is still a big deal, especially when the goal is to help someone else play music too, which is what scholarships are all about.

All performers will receive a participation pin, but students who practice all seven days *and* collect at least **\$50 in pledges will receive a special prize** in gratitude for their achievement.

What's more, the student who raises the most scholarship funds will receive a **Grand Prize!**

This year, we are asking that **each participant raise \$15** through pledges.

Please check the box below if this requirement represents a hardship for your family, and the requirement will be waived.

Please check this box if you would like to donate an additional \$15 to cover another student's Playathon donation requirement.

2. Practice Log

Keep track of your practicing each day of the practice challenge, and have your parent sign off on each day as proof of your fabulous run of practicing!

We're going to **add up the total number of minutes** all Playathon participants practice throughout the week, and proudly display this number at the event.
