

## WHO

We are highly qualified early childhood professionals deeply committed to the needs of pre-school children. We believe that a part-time summer program in a comfortable, safe and happy atmosphere is a perfect choice for a youngster who is not yet ready for a full day of camp but who will benefit from the structure and stimulation of our summer program. This is also an ideal opportunity for newcomers to our program to become familiar with our facility and some of its staff members.

## WHAT

Suzuki Preschool Summer Program is based on the same principles and philosophy as our fine nursery school. We are a child-centered program. Our goals, our environment, and our activities are all carefully designed to promote optimum physical, social and emotional growth in the pre-school age child, always mindful of individual differences.

Daily activities include arts and crafts, music, stories, play and water fun in a relaxed and safe environment under the gentle guidance of our Preschool Director/Lead Teacher, Lisa Kideckel.

## WHERE

Suzuki Preschool Summer Program is conducted on the site of the nursery school. We use the same playground and air-conditioned rooms as during the school year. We add outdoor water play and water toys.
